Dear Ms. Russo:

Thank you for the opportunity to attend the AHP Conference in Huntsville, ON this past May at the Deerhurst Resort.

As a newcomer to the industry of Healthcare Philanthropy, I was delighted to meet and learn from so many wonderful people who were more than willing to share their positive experiences with me. The conference gave me first-hand knowledge of where the industry has come from and the direction in which it is heading into the future using new avenues such as on-line donation and email solicitation.

I would like to extend a special thank you to the Gordon Durnan Endowment Fund committee for the grant opportunity I was given to be able to attend a terrific and engaging conference!

Sincerely,

Christine Little
