Another Way to Donate to Hershey Medical Center

By Jennifer Nejman
York Daily Record
December 31, 2006

Another way to donate to Hershey Medical Center: The Penn State Milton S. Hershey Medical Center joined a fund-raising program that allows community members and friends to support the medical center by making their online purchases through "the shoppingmall."

Consumers can visit <http://www.ahpshoppingmall.com> and select from more than 1,300 online retailers including Macy's, Target, Best Buy, Staples and Expedia.

Then, choose the medical center as the organization that will benefit from the experience. The medical center is participating in the shoppingmall through the Association for Healthcare Philanthropy.
