Welcome to the Submission Guide

Thank you for your interest in presenting at the Association for Healthcare Philanthropy (AHP) Convene Canada conference. This Submission Guide provides the information you need to know to submit a proposed session for the conference.

Whether you are a seasoned presenter or are new to the AHP stage, we appreciate your willingness to contribute an educational session and look forward to reviewing your proposal.

About the Conference

The Association for Healthcare Philanthropy (AHP)’s annual Convene Canada conference is designed by and for the Canadian healthcare philanthropy community. Featuring inspiring keynote speakers, in-depth educational breakout sessions and plenty of networking opportunities, Convene Canada is the place for education specific to your needs as a healthcare fundraiser. 2024’s conference takes place at the Fairmont Hotel Vancouver in British Columbia.

To help make 2024 the best Convene Canada conference yet, AHP is seeking educational proposals that reflect sound adult learning principles and exemplify the best thinking in the field, informed by theory, research and practice. To deliver effective learning experiences, AHP seeks proposals that include some of the following elements:

Content:
- Reflect innovative, cutting-edge content and evidence-based practice
- Present a business case with evidence supported by research or data
- Explore issues important to diverse foundation types and sizes
- Challenge attendees to think of new solutions in healthcare philanthropy
- Cover topics around organizational transformation
Instructional Design:
- Facilitate knowledge transfer and development of new competencies
- Use methods that draw out relevant past knowledge and experiences
- Demonstrate relevance of lessons through “real-life” case studies

Audience:
- Aspiring and emerging leaders through executive-level, seasoned professionals
- Different types of adult learners

Topic Areas

As you reflect on your proposal, please consider the following topics, which are of interest to the conference participants. While proposals may address more than one area, you must select one as the best fit. Example topics noted are intended to help you develop your session, but we welcome and encourage additional ideas as well.

- **Major, Transformational and Legacy Giving.** Sessions in this category include everything to do with ways an organization can secure large gifts.
- **Working with Partners.** Sessions in this category might be about working with physicians, administrative leaders, hospital staff, provincial/community leadership, or other community nonprofits.
- **Community Giving.** Sessions in this category might be about annual giving, digital fundraising, or special events.
- **Mid-Level Giving.** Sessions in this category might be about tactics for mid-level donors, which programs they fit in, or how to move donors up the ladder – annual to mid-level, mid-level to major.
- **Building Strong Teams.** Sessions in this category might be about keeping staff engaged and motivated, board and volunteer relations, or remote work.
- **Marketing & Communications.** Sessions in this category might be about storytelling, integrated marketing, or public relations.
- **Information and its Impact.** Sessions in this category might be about data, research, or artificial intelligence.
- **Support Services for Advancement.** Sessions in this category might be about stewardship, donor relations, prospect research, finance, or operations.
- **Diversity, Equity, and Inclusion.** Sessions in this category might be about building an inclusive culture and team, attracting diverse talent, or working with diverse communities and donors.
- **Other**
In addition to the broad topics listed above, the 2024 conference committee is particularly interested in reviewing session proposals that address any of the following specific areas:

- **Building a culture of philanthropy**, including at the board level.
- **Capital campaigns**: Traditional vs. non-traditional campaigns; new or unique ways of approaching campaigns.
- Case studies of successful projects in small or rural foundations, or sessions designed for the small/rural audience.
- **Generational philanthropy**: how to maintain a family connection throughout generations; grandparents and legacy giving.
- **Grateful engagement**.
- **Hospital/health centre accountability**: Best practices and procedures for dealing with over-budget or delayed projects, disbursement processes and MOUs.
- **Navigating legislation changes**, including endowment reporting requirements, changes to the federal Alternative Minimum Tax (AMT), Disbursement Quota (DQ), etc.
- **Sponsorships and corporate partnerships**.
- **The changing landscape of philanthropy**: how changing donor philosophies, methods of giving, and the socioeconomic climate are informing philanthropy professionals’ work.
- **The leadership journey**: how to move from front-line fundraiser to executive leader.

**Learning Formats**

Adult learners usually prefer to engage in self-directed learning, and that philosophy drives AHP’s approach to conference programming. Learning formats support a range of instructional methods that give attendees more control over setting priorities and choosing the right content, materials, and methods that match their learning styles and objectives.

For Convene Canada 2024, AHP seeks proposals in the following learning formats:

- **Education Session – Case Study Presentation** (45 minutes + 15 minute Q&A)
  A formal presentation usually given by 1-3 content leaders, highlighting one or more case studies.

- **Education Session – Panel** (60 minutes)
  A discussion with 1 moderator and up to 4 panelists presenting perspectives around a specific topic.

- **Education Session – Seminar** (45 minutes + 15 minute Q&A)
  A formal presentation usually given by 1-3 content leaders, presenting new information, such as a research report, on a specific topic.
Flipped Classroom (30-60 minute virtual lecture, 60-90 minute in-person interactive session)

*new for 2024*

Combine a traditional presentation with an interactive live session. Your lecture-style presentation is recorded in advance and shared with conference registrants for them to watch prior to Convene Canada. Then, during the conference, build on your topic by hosting a workshop with activities, interactivity, and discussion related to your presentation. (Questions about flipped classroom sessions? Email education@ahp.org.)

**Professional Pathway**

AHP’s Professional Pathway educational framework organizes content into three knowledge levels. For learning programs, these levels relate to prerequisite learner knowledge, instructional techniques, and complexity of the learning objectives.

- **Fundamental (0-3 years):** Courses provide broad information, awareness and understanding of a topic with limited or no prior knowledge or experience of the subject required. They transfer new information without substantial prerequisite knowledge to process or use it. This level is appropriate for employees or managers with limited experience of the subject area seeking to learn fundamentals, mid-career managers and directors looking to fill in gaps to solidify their skill set and individuals new to the field before or after a career change.

- **Specialist (3-8 years):** Courses focus on extensive application, comprehension, and implementation with in-depth material or explanation by the instructor, preparing learners to exhibit a definitive skill. They are highly interactive, including case studies and assessment measures and require the learner to be more engaged, interacting with the material and using the information in practical applications, and therefore require some prerequisite knowledge. This level is appropriate for individuals with some knowledge and experience in the subject area, individuals who are mid-level managers and directors in their fields with an established degree of competence and for those seeking to build on, apply or enhance existing knowledge.

- **Executive (8+ years):** Courses focus on high-level creativity, innovation and peer-to-peer knowledge sharing around of highly technical or detailed topics, preparing learners to shape organizational strategy and aid in the growth or progress of industry best practices. The course material and activities focus on problem identification, analysis and solutions while emphasizing risk-taking, autonomy and opportunities for exploration. Objectives may be to enhance the learner’s ability to lead change, manage high-performing teams, and develop leadership throughout their organizations. This level is appropriate for senior staff, executives and officers with significant knowledge and experience who could be deemed an expert in the field.
Proposal Process and Selection Criteria

A methodology that widely solicits content proposals and combines input from volunteer leaders and professional staff is designed to help AHP ensure that the members of the healthcare philanthropy community have a significant voice in co-creating conference programs. Together we craft an inclusive opportunity for all current and future AHP members in healthcare philanthropy to engage in exceptional formal and informal learning experiences that support career development, increase individual productivity, and help organizations achieve superior results.

1. **Conference Committee** The 2024 Convene Canada Conference Committee will assist in the final program design. To ensure that program content is timely, relevant, and optimally targeting our attendees’ needs, the advisory committee will select from the submissions received during the Request for Proposals and identify gaps, if any, which are addressed through additional content development strategies. The overall program will result in a diverse array of presenters and topics. We receive many high-quality proposal submissions each year, so please understand that it is a difficult and highly selective process.

2. **AHP Staff** With years of experience in association management and a long history of programming exceptional conferences, selected AHP staff members weigh in with feedback and strike a balance between new and veteran presenters. Staff also help ensure the content lineup is strategically aligned, working to systematically identify and fill gaps where appropriate.

**Guidelines for Potential Presenters**

- **All proposals must be submitted using the online form, no exceptions.** Think quality over quantity. You can submit up to two (2) proposals as the primary contact.

- **Plan your submission in advance.** We suggest that you first collect your thoughts for your proposal before going to the online form. Review the form at the end of this document to prepare your proposal. Once you have your ideas and all necessary information together, simply visit [this link](#) to begin. The system does allow you to save and return to your proposal later.
▪ **AHP encourages you to be cautious about how many proposals you are included in as a presenter or panelist.** While AHP does not limit presenters to a maximum number of speaking engagements, AHP will give preference (all other factors being equal) to maximizing the number of content leaders to ensure diversity of thought.

▪ **The primary contact is the person submitting the proposal.** AHP will communicate with the primary contact for all communications including notifications and deadlines, who must share information as needed with co-leaders/panelists.

▪ **All proposed content leaders must be listed.** Intentionality is critical in providing a quality learning experience, including the expertise of instructors. Proposed content leaders will be reviewed by the Convene Canada Conference Committee prior to acceptance.

▪ **Use clear, error free language.** Session and workshop proposals require clear and concise titles (limit 10 words), persuasive outcomes-focused descriptions in both short (limit 50 words) and long (limit 150 words) versions, and three action-oriented and well-thought-out learning objectives/take-aways that answer the prompt “after this session, participants will be able to...” AHP retains the right to modify titles and descriptions during copy editing for marketing purposes.

▪ **Don’t underestimate the importance of instructional flow/design.** Adult learning theory suggests that the best learning environments are the ones that are collaborative and utilize a problem-based approach.

▪ **Avoid all commercial bias.** Affiliate members of AHP, who represent the for-profit organizations such as consultants and vendors who are active in healthcare philanthropy, are welcome to submit session proposals. However, sessions perceived by participants as commercially biased in content (including use of proprietary tools/models) are unacceptable. Any submission that is not educational in nature, neutral and unbiased, replicable by participants without the author’s assistance, and free of commercial motive/intent will not be accepted. If accepted, those in violation of this policy may forfeit future presenting opportunities.

▪ **First here, first heard.** We seek to create an exclusive and premiere event for the healthcare philanthropy community, and therefore (other factors being equal) priority is given to proposals that include original content designed exclusively for Convene Canada that has not been presented at other AHP or non-AHP philanthropy-related events.
▪ All accepted content leaders must adhere to published deadlines. You must be committed and responsive to working with AHP to deliver exceptional service by adhering to deadlines, to include submitting program materials not less than one (1) month prior to the start of the conference for review/approval and inclusion in the conference app and website.

▪ All accepted content leaders must observe intellectual property rights. Presenters must ensure that information or images contained in presentation materials shall be factual and not be misleading and will not violate the intellectual property or copyrights of any third party.

▪ All accepted presenters must register. Each presenter will register for the conference by the required deadline at a reduced rate. In the event of exceptions (such as Exhibitor personnel) registration may be handled differently. Presenters who are not taking part in any other part of the conference beyond their presentation must register but are not charged a fee.
